PROJECTS

Drexel University

Fitfusion Application Project   January – June 2023

- Created an application with three other team members that allowed user to track diet and exercise
- Worked on backend gym-finder function allowing user to find gyms based on zip code within a five mile radius using Google Maps API and Python
- Added functionality that allows user to find a gym that best fits their needs based on online reviews

Solitaire   February 2021

- Designed and programmed a solitaire game using the SDL library in C++
- Implemented auto-solve functionality for when player has flipped over all cards

WORK EXPERIENCE

Best Buy   December 2021 – July 2022

Home Theatre Attendant   East Hanover, NJ

- Drove a positive customer experience by building relationships and providing solutions to their needs
- Utilized product knowledge to allow customers to make an educated purchase
- Ensured that an adequate supply of product was on display for customers to demo and purchase
- Interacted with customers while processing payments, returns, and trade-ins

The Funplex   May – August 2021

Arcade Attendant   East Hanover, NJ

- Enhanced fun and safety in gaming experiences for players by supervising the virtual reality machine
- Cleaned and maintained the arcade space for a safe and fun gaming experience
- Ensured satisfaction for children and adults by creating a welcoming environment at the prize counter

ACTIVITIES

Livingston High School Jazz Band   November 2018 – June 2022
